

June 2021 News Update

IFFO's monthly newsletter

Editorial

Marine ingredients have been discussed in a variety of webinars, from the World Ocean Summit to Aquaculture UK's webinar. The discussion will continue over the next months and will undoubtedly contribute to a better understanding of our industry. I look forward to the North Atlantic Seafood Forum starting on 8 June 2021. [...]

CHAIN OF CUSTODY

Guidance for Chain of Custody certified facilities in transition

Current Chain of Custody certificate holders are expected to apply the revisions by 30 November 2021. Any facility applying for the first time before 1 December 2021 may choose between being certified against the former version and the new version.

Updates on remote audits

Remote audits shall be conducted on a consecutive basis in line with the options outlined for remote auditing for annual surveillance audits and recertification applications to either the MarinTrust Factory Standard V2 or MarinTrust Chain of Custody Standard V1.1.
