

UPDATE

Newsletter - March 2019

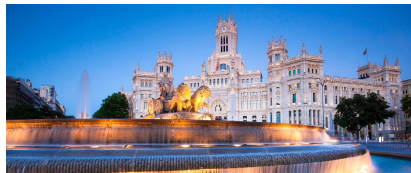

Editorial

Welcome to IFFO's new look newsletter! As usual, you'll receive it every month: it'll keep you informed on IFFO's actions to defend the industry's interests and will link you to the most relevant news related to the industry. This e-newsletter will be easier to read: no more downloads and an overview of the content at the first glance. Feel free to give us your feedback!

Research

The Sustainability Conundrum of Fishmeal Substitution by Plant Ingredients in Shrimp Feeds

The findings of this study indicate that the sustainability of substituting fishmeal by plant ingredients should not be taken for granted, especially since aquaculture has been one of the fastest growing food sectors.
